Dear Parents/Carers

Bere Regis School – Replacement project

As you may recall I wrote to you back in September advising you of a delay in the commencement of the new school project due to a change in contractor for the scheme, and the expectation that work would be starting now in November.

I am pleased to be able to tell you that the new contractor, Morgan Sindall, has now been appointed to undertake the enabling works to create the new school access road. They are intending to start work on this part of the project on 16 November 2015, although they may be on site slightly earlier than that to set up site accommodation and bring materials to site.

Subject to the completion of final contract negotiations with Morgan Sindall for the main building works itself, it is intended that work on the new school building will commence in January and should be completed as indicated previously during the 2016 Autumn Term.

I hope you will be as pleased as we are to finally see progress on this project and we will keep you updated on any further developments through the school.

Yours sincerely

Paul Scothern

Commissioning Manager – Premises
