Headteacher:  
Mr. W. Roberts

24 July 2018

Dear Parents

On the 4<sup>th</sup> & 5<sup>th</sup> of July we had a monitoring visit from Ofsted. This visit was to determine if the school has made effective change since our full inspection in April 2017.

We are delighted to report that the visit was very positive, and Ofsted have recognised the progress that we have made. "Leaders and managers are taking effective action towards the removal of special measures."

The lead inspector observed the school's work, scrutinised documents and met with the headteacher, members of the governing body, the mathematics and literacy leader, the early year's leader and the leader responsible for the implementation and impact of pupil premium funding. The inspector also met with a representative from the local authority.

Some key highlights from the report:

- Across the school, current pupils' progress continues to improve with tracking information showing a further increase in the proportion of pupils working at expectations for their age.
- Across the school, teachers have raised their expectations of pupils' presentation and handwriting.
- The early year's provision at the school continues to be a source of pride, and the support for SEND children has improved considerably.
- The early years leader also adds some much-needed strength to leadership, she has taken on the pre-school with the aim of improving children's outcomes when they start in the Reception Year.

The report was very much in-line with the school improvement plan, and while there is still much improvement to be made, there were no new issues raised, that the school was not already aware of. We would like to take this opportunity to thank all the staff for their hard work, and parents for the support they have given to the school.

The full report can be found on the school website. Click on key information, scroll down and click on Ofsted Website link. If you have any queries please don't hesitate in contacting either Lucy or me.
