

Festive Enterprise

Kimmeridge Class would love your help with our...

Sewing Day!

Tuesday 10th December

10.00–12.00 and 1.10–3.00

As part of our festive enterprise topic, we are making Christmas decorations to sell. We will have practised some stitches in the lessons running up to this, and will have our designs ready, but we would love some help with the nitty gritty of sewing, especially lots of needle threading and un-tangling! You don't need to be an expert at all, just good at fiddly things, please :)

If you can help (it would need to be for the whole of the time above), please let Mrs Dale in the office know by the end of next week, so that we can plan out some groups and how things will work. You would be very welcome to stay here for lunch, or pop out.

There will be mince pies and festive songs and we can't wait!

Thanks, Kay Gibbs
